

Detox for Healthy Living

Ionic Detox Spa Services with Marilyn Heeringa

Greetings,

As people and businesses become more focused on introducing well care systems to help reduce health insurance costs and medical expenses the Ionic Total Body Detox system provides an avenue for maintaining good health. At the same it provides a relaxing, energizing and restful experience for you, your clients, members or employees. The ion-cleanse process is an amazing cleansing method for detoxifying your entire body by bathing your feet in warm water while using positive and negative ions from an ion generator.

Introducing the ion cleanse foot bath will be perceived as a benefit whether the sponsor or business is paying for the ionic detox appointment, subsidizing it, or just offering it as an available service. It will be considered a convenience because many people might not otherwise find the time to make an appointment due to hectic schedules. They may not even have been aware of availability and benefits.

My name is Marilyn and I am an Ionic Detox Specialist who has worked in the health industry for 15 years. I have many testimonials and great success stories with salons, Doctors offices, churches and other businesses. Why not pamper your employees, members and friends by helping to improve their health? You cannot lose by offering this service. It is also available to churches as a fundraiser. An ionic detox event is a fabulous way to network and promote healing.

By now I am sure you are asking how is the detox accomplished and how much does it cost? Do you remember how wonderful you felt the last time you walked on the beach? Now you can experience that same feeling of rejuvenation by putting your feet in contact with the ions being generated in the water by the Ionic Total Body Detox Energy Spa. The human body is like a giant magnet that attracts and holds on to toxins. Heavy metals, partially oxidized fats, dissimilated proteins, cholesterol deposits, uric acid, plaque, lactic acid and the vast array of chemicals that pervade our water, air and food attach themselves ionized form joints, organs, arteries, nerves and tissues. These toxins disrupt normal body functions creating an environment for disease, allergies, and immune system problems. The cost for the Ionic Detoxing ranges from \$20 to \$25.

Please visit my website at www.detoxhealthyliving.com for more information and then contact me directly at 616-363-9113. I look forward to hearing from you.

Sincerely,

Marilyn Heeringa
